

MATERIALS:

- Thick Card Stock (6 Sheets)
- Scissors
- Hole-Punch
- Twine

DIRECTIONS:

1. Print our original design that you see here on thick card stock, and cut out the flag shapes on each sheet.
2. Punch holes in the top of each paper flag using a hole-punch (a hole in the top corner of each flag).
3. Weave twine through the holes (ideally so a length of twine is visible on the front side) and space the paper flags out however you wish across the entire length of twine before you hang the banner.

The image consists of two identical panels side-by-side. Each panel has an orange background with a pattern of small white and dark grey dots. In the center of each panel is a large white circle. Inside the white circle on the left panel is a large, bold, dark grey letter 'C'. At the bottom of each panel is a white triangle pointing upwards, partially overlapping the orange background.
